

CARE COORDINATION & CARE MANAGEMENT TRAINING (SELF-MANAGEMENT)

Practice Transformation Institute is offering training designed to educate interprofessionals with a knowledge base and skill set to enable high quality chronic disease care for patients in the ambulatory care setting.

Some of the learning objectives for the onsite training include:

- Describe effective communication strategies
- Identify approaches that impact team building
- Identify the MQIC guidelines for asthma, weight management, and depression
- Apply the evidence based guidelines in creating self-management support with chronically ill patients
- Describe strategies for measuring patient self-management goal achievement
- Recognize what Motivational Interviewing (MI) is and what makes it unique
- Illustrate care coordination and care management activities in a patient centered medical home
- Describe how a health coach can help a patient succeed
- Identify the competencies when engaging in care coordination and transition of care management activities
- Describe how a physician's organization can help the care management and coordination team

Case studies and discussions will integrate the on-demand sessions with the onsite training.

Expectations: 100% attendance at the onsite training and a 75% or greater score on the learner's assessment test given online after the onsite training are required to receive CE credit.

If you have any questions, contact:

Yang Yang at (248) 475-4839 or yyang@transformcoach.org

The training will be a blend of on-demand sessions and two (2) onsite training days. All on-demand sessions MUST be completed two (2) weeks after the onsite training.

When:

July 15, 2020 8:00 am - 4:30 pm

July 16, 2020 8:15 am - 4:00 pm

Cost:

\$500.00
